

Randomly-placed Colour

We have machines that can print colour pages wherever you like throughout the book without the need for dedicated signatures – you only pay colour rates for the colour pages, mono for the rest:

Sizes up to Royal (234x156)

price per book, minimum order 100, 80gsm Opaque or Bookwove:

£1.16 + .8p per mono page
+ 4p per colour page [reduced from 5.5p]

Example: A 256 pp. Royal book including 56 pp. of colour would cost £5.00 per copy.

Sizes up to A4 (297x210)

price per book, minimum order 100, 80gsm Opaque or Bookwove:

£1.16 + 1.6p per mono page
+8p per colour page [reduced from 11p]

Example: A 100 pp. A4 book including 10 pp. of colour would cost £3.40 per copy.

Note: when preparing copy for randomly-placed colour please ensure there is no 'hidden' colour (contact us for checklist). The usual culprits are RGB halftones that look like greyscale.

Prices for speciality papers available on request.

Advance Publicity Copies

The price tables on the next three pages are for the printing of bound proofs in temporary covers for advance publicity purposes. Covers are not laminated and there is no setup/proof charge.
